

MARLOWE  
ESTATES

## Marlowe Estates Official Color Palette

"Where a community comes together"

To keep Marlowe Estates beautiful, customary, and to simplify the process for repainting of shutters, doors, bay window coverings, flashings, mailboxes and front porches we have adopted an official color palette for our neighborhood.

The colors listed below do not need approval, so feel free to change your current colors! It is recommended that painting is done every 3-5 years.

These color names which are Sherwin and Williams and/or codes can be taken in to any paint supplier (Home Depot, Lowes, True Value, etc.) and "color matched" to their respective codes and names.

---

### Shutters, Doors, Bay Window Coverings

Paints should be a **semi-gloss finish**, and all doors, shutters, and metal bay window covers must be the same color.

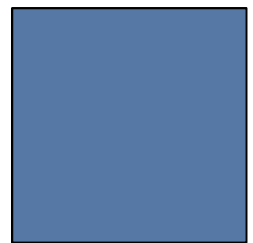

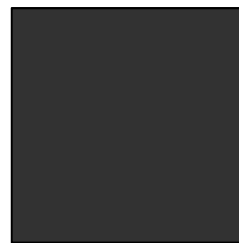

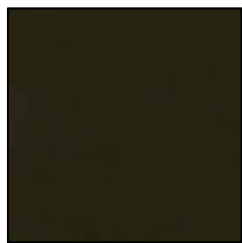

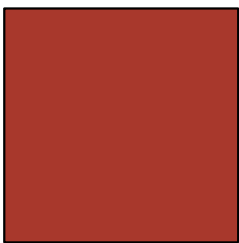

**Dark Red: SW6328 "Fireweed"**

**Dark Brown: SW6076 "Turkish Coffee"**

**Green: SW6460 "Kale Green"**

**Black: SW6991 "Black Magic"**

**Blue: SW6523 "Denim"**

Due to monitors and printers, colors are only for a reference, please use codes when getting paints.

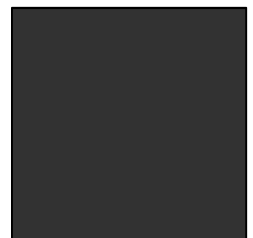

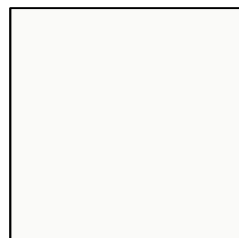

---

### Flashings, Front Porches, Mailboxes

All flashing and mailboxes should be "Black Magic" with a **satın finish**.  
Front porches should be "True White" and also a **flat matte finish**

**White: SW 7006 "True White"**

**Black: SW6991 "Black Magic"**

Additional Questions, Concerns and Comments, always let us know!
